Art Unit 123

Claims 82-136 are now in the case.

Claims 82-136 are rejected under 35 USC 112, second paragraph for failing to particularly point out and distinctly claim the invention. The claims are unduly multiplied. Taken as a whole they obscure and conceal the alleged invention. Claims 108-136 are duplicates of claims 82-107.

The applicants' remarks presented in Paper #12, received February 14, 1984, a Substitute Amendment have been duly noted. In the said Substitute Amendment there are no instructions to cancel the previous amendment received January 20, 1984, nor to cancel any claims presented in the January 20th amendment. Accordingly the application now has claims 82-107 duplicated by claims 108-136. Appropriate correction is required.

The Terminal Disclaimer has been received and the double patenting rejection is obviated.

The claims appear to be free of the prior art.

Applicant's amendment necessitated the new grounds of rejection. Accordingly, THIS ACTION IS MADE FINAL. See MPEP 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a). The practice of automatically extending the shortened statutory period an additional month upon the filing of a timely response to a final rejection has been discontinued by the Office. See 1021 TMOG 35.
